The FY 2017 budget includes a \$3.2 million item for the purchase of emergency vehicles. Please provide a list of those vehicles and which fire stations they will be provided to.

Also, please provide an updated project history spreadsheet.

Thank you.

Hello;

I am glad to see that the county has suddenly taken such an interest in preserving public records. Now please consider actually making those documents available to the public.

Please see below. This would be my second request.

Thank you.

Hello;

This will be my third attempt to secure the public records requested below. The first request was sent almost two weeks ago.

Margaret,

I have become aware of your request for information and as Bob mentioned, Tina is currently out of the office so I am happy to assist. To ensure we provide you with accurate information would you mind directing me to the section of the FY17 Preliminary Budget you are referring to regarding the 3.2 million item?

I apologize for the delay in a response to your original request and we will work to secure the requested information.

Kind regards,

Hello;

This will be my third attempt to secure the public records requested below. The first request was sent almost two weeks ago.

Hello;

I am glad to see that the county has suddenly taken such an interest in preserving public records. Now please consider actually making those documents available to the public.

Please see below. This would be my second request.

Thank you.

Margaret,

I have become aware of your request for information and as Bob mentioned, Tina is currently out of the office so I am happy to assist. To ensure we provide you with accurate information would you mind directing me to the section of the FY17 Preliminary Budget you are referring to regarding the 3.2 million item?

I apologize for the delay in a response to your original request and we will work to secure the requested information.

Kind regards,

Margaret:

OMB would be the office with information which would be responsive to your request. I'm not sure who monitors the "contactOMB" address so I've copied Laura Deloach-Hartle who is running that office since Tina Boan is out on medical leave.
