Hello;

FloridaKeys.com is required by contract to provide the following:

- o) The Contractor shall furnish monthly reports to the TDC which will track the number of user sessions, most requested pages, top referring URLs, top search engines, top search keywords or phrase(s), and other requested TDC research assessment of services reports. The report numbers may be audited and verified by an independent entity.

Please send a copy of the monthly reports for calendar year 2017. That is January 2017 through December 2017.

Also I submitted a public records request this past December and still have not received some of the documents I asked for. I followed up numerous times and eventually contacted the State Attorney's Office. The SAO claimed that it was a "timing" issue and that the county would soon produce the records. However, almost four months after the initial request, the county still has not complied with the law.

The records are related to contractors who provide animal control services. The shelter operators are required by contract to provide audited financial statements each year.

The documents requested are listed below.

1. Stand Up For Animals (SUFA) - audited financial statements 2009-2011.
2. Safe Harbor Animal Rescue of the Keys (SHARK) - audited financial statements 2014-2015.
3. Florida Keys Society for the Prevention of Cruelty to Animals (FKSPCA) - audited financial statements 2016.

Let me repeat this once again, to head off any excuses, these documents are required by contract. If the county is doing its job, they will all be on file and easy to locate.

Best,

Margaret Blank
